

Boost your productivity in large area cleaning

More versatility, up to 30 percent greater productivity, better-than-ever reliability, extremely silent operation and the most advanced ergonomics available.

The Nilfisk BA651/751 series represents real innovation in the world of scrubber dryers and added value for cleaning professionals.

Now all the machines are equipped with the Ecoflex system which keeps the consumption control, but it also guarantees the possibility to boost temporarily water, detergent and brush pressure for the more aggressive cleaning tasks.

Never before has there been such an outstanding combination of modern ergonomic design, high performance and superb traction. This is the complete walk-behind unit for large area cleaning.

Picture shown may not represent model quoted

- Extremely low noise level (down to 58 dB(A)) makes daytime cleaning viable
- Combination of up to 71cm scrubbing width, 5.6 km/h speed and large capacity tanks provide high productivity
- Sturdy construction, state of the art design and better materials offer more reliability and a longer working life
- Eco Dosage System (EDS) is available to save both water and detergent costs and to optimise the cleaning process
- Interchangeable brush decks allow a choice of 2 different disc sizes or 71 cm cylindrical
- Optional Ecoflex chemical kit, for automatic and accurate detergent mixing.
